

HEALING CAN HAPPEN With Support

4,000 Patient Visits Annually.
\$0 Government Funding.
100% Community Powered.

At **Mission of Mercy Medical Center**, patients find compassionate healthcare —free medical, vision, dental, mental healthcare, and education. No cost. No qualifications. No judgment. Since 2007, we've been the reason thousands smile again. We can only continue with your help.

Your \$50 = A dental visit
Your \$100 = Primary medical care
Your 2 hours/week = Lives changed

PLEASE DONATE
Make It Your Mission.

Imagine a world where everyone has access to the care they need, no matter who they are or what their life situation is, with no judgment, just dignity, love, and medicine.

HOPE CAN HAPPEN With Compassion

**OUR CLINICS ARE OVER
90% VOLUNTEER RUN.**

We call on the experience of active and retired licensed healthcare professionals, from all different walks of life, to volunteer their time to provide free medical, vision, dental, and mental health services to the most medically under served people in South Texas.

SERVICES & PROGRAMS

Medical Care

Our medical team and professional volunteers generously donate their time and expertise to make all of our available care possible.

Vision Care

Our services include comprehensive eye exams, vision tests, detection of vision problems, and prescribing corrective treatments such as glasses, contact lenses, and medications.

Dental Care

Our team consists of dentists, dental assistants, and dental hygienist volunteers providing examinations, fillings, extractions, x-rays, and cleanings.

Mental Healthcare

Partnered with The Ecumenical Center of San Antonio, we're able to offer our patients a range of services, including individual, group, and family counseling.

Education

We know that patient empowerment is critical to long term health and stability. To empower health management, our programs include diabetes, hypertension, and dental health education.

CARE CAN HAPPEN Without Cost

**1 IN 4 US ADULTS STRUGGLE TO PAY
MEDICAL BILLS.**

At Mission of Mercy, we receive no state or federal government funding. Your financial and volunteer support for our community provides medical services and prescriptions for one of the fastest-growing and most vulnerable populations in the United States – the uninsured and underinsured.
