Since 1997, Mission of Mercy Arizona (MOM) has been providing free healthcare and free prescription medications to the uninsured and underinsured in Maricopa County. **But more importantly, we've been empowering patients, restoring dignity and strengthening communities.** As an independent 501(c)(3), Mission of Mercy is privately funded. Because of this, Mission of Mercy can provide access to free healthcare without a complicated prequalification process. Providing care to those who need it most is what we do best.

Our FY 2020 Impact:

- 13,475 medical visits completed for 2,873 patients
- 37,000 free prescription medications dispensed
- 10,803 pro bono hours donated by clinic volunteers
- 529 flu shots administered
- 440 bags of fresh produce distributed
- 327 targeted diabetes and nutrition education sessions
